

US Army Corps
of Engineers®

Lessons Learned

- **Clear documentation of all analyses would have reduced comments**
- **Writing the report throughout the formulation process made draft report preparation less difficult**
- **Having another district perform the ITR improved the quality of the decision document**

US Army Corps
of Engineers®

MVD

Lessons Learned

- **Clarity in reporting resolves many comments (e.g., HTRW, endangered species clearance, period of analysis)**
- **Comprehensive study authority provides more options than Section 216 analysis**
