U.S. ARMY CORPS OF ENGINEERS
THE AMERICAN INSTITUTE OF ARCHITECTS

PARTNERING AGREEMENT

The U.S. Army Corps of Engineers (USACE) and The American Institute of Architects (AIA) agree to promote our mutual interests in providing efficient, high quality, responsive architectural services to support the Nation in peace and war. We are committed to work together toward the following goals:

1. Promote excellence in architecture and the built environment.
2. Continue to espouse Qualifications-Based Selection (QBS).
3. Advance the use of Partnering.
4. Advance architectural professionalism and development through continuing education, collaborative training, exchange programs, and active membership in the AIA.
5. Ensure continuing credible communication between USACE and AIA at all levels.
6. Promote ethical and competent practice to enhance the image of architects and architecture in both the public and private sectors.
7. Promote the participation of diverse populations in the architectural profession.
8. Cooperate in the development of guidance for design and construction.
9. Expand USACE adaptation of industry standards and private sector initiatives.
10. Invest in joint efforts to advance teambuilding and to explore and address future developments.

Agreed to this day
